## MALPRACTICE CARRIERS

Partner with Preverity to identify provider practice patterns and match premiums to true risk. We can help:

- Understand risk and maximize revenue growth
- Provide accurate rating factors based on clinical activity
- Drive quality and safety initiatives by mitigating risk

## HEALTH SYSTEMS

Partner with Preverity to identify low-risk providers and make more-informed decisions for better overall quality, compliance and operational management. We can help:

Better allocate expenses to assess how provider risk impacts earnings and operating margins
